

# Celine (EWS-BN-101)

The world's first purple-wax bean, Celine combines high yields of refined pods with a striking appearance and sweet flavor. Certified Organic Seed.

*\*PVP pending*

<b>Growing Environment</b>	Open Field
<b>Market</b>	Fresh Market
<b>Resistances</b>	HR: Bean Common Mosaic Virus (BCMV)
<b>Advantages</b>	Novel color, high yield, 2-3 sieve
<b>Shape</b>	Round Pod
<b>Plant Habit</b>	Open Bush
<b>External Color</b>	Purple wax (aka 'Magenta')
<b>Pod Position</b>	High
<b>Pod Length</b>	4.5"
<b>Sieve Size</b>	2 - 3
<b>Relative Maturity</b>	58

HR = High Resistance. IR = Intermediate Resistance.

Performance may vary from location to location and from year to year, as local growing, soil and climatic conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on the grower's operation. Any recommendations provided on this technical sheet are based upon observations and feedback received from a limited number of trials and geographies. These recommendations should be considered as one reference point and should not be substituted for the professional opinion of agronomists, entomologists or other relevant experts evaluating specific conditions.
